Creative Companion
Your Solution to Digital Assets

A browser-based, centralized repository for your most valuable assets: *your e-files*. Mac and PC compatible. Creative Companion allows you to organize, repurpose and download images and files for your specific use. 24/7 access in a secure environment with tracking and usage reporting round out this must-have solution!

Fulfillment Companion
Your Solution to Inventory

At Linemark we manage your inventory as if it were our own. Our dedicated staff brings added value to you and your organization with efficient material handling and fulfillment. And, you always have up-to-the-minute inventory control, billing, and tracking, thanks to our extensive information system. From start to finish, we're in control – so you have control.

Order Companion
Your Solution to Customization

An end-to-end automated workflow solution featuring built-in pricing, quoting and estimating engines. Order Companion handles PDF-preflighting, soft-proofing and imposition, too. We'll show you how you can manage your printed materials and create fully customized products today!
