## PromoShop

An experienced promotional merchandising and marketing services company that provides creative branded merchandise and premiums to our clients, large and small. We focus our resources and energies on those companies that have entrusted us with the protection and promotion of their brands. We understand our clients' marketing strategy, objectives, and target audience...

**turning the impossible into a **UNIQUE** reality.**

PromoShop has implemented **environmentally** responsible initiatives that are supported throughout our organization.

## Employee Practices

- To actively conserve company resources and reduce our carbon footprint and our energy consumption
- To participate in reclamation, beautification, & alternative transportation methods in our communities

## Company Practices

- We provide our employees with eco-friendly office products, recycled paper & re-useable cups and other sustainable supplies
- We ensure every office includes a recycle bin and implement recycling into all corporate areas
- We have reduced energy consumption by replacing "traditional lightbulbs" with fluorescent ones- saving 9X the energy consumption annually
- We require every employee to turn off their computers at the end of every day

## Client Practices

- PromoShop was the first promotional advertising company to form a "green" division
- We educate clients why sustainable products are more ecologically sound and environmentally aware vs. traditional manufacturing
- We will bring a new and fresh approach to promotional merchandising by offering a sustainable solution to our client's marketing objectives

ecopromos.com™  
growing your brand responsibly.™  
a **PromoShop** company.
